

Assumptions on the prices displayed for Sage 50 Accounts

With regard to WiredContact

- Your WiredContact system will be hosted by WiredContact
- Each year you will be on the latest build £25 per named user £50 per concurrent user
- Consultancy will be limited to the function of SageLink
- All time is billable

With regard to Sage 50 accounts

- Your Sage accounts will be hosted by you
- Our engineers will have remote access using Remote Desktop
- If you upgrade Sage accounts you may need to upgrade SageLink
- If you break the installation by altering a setting, upgrading, installing other software, changing your mind part way through an installation etc this does not require our engineers to work without payment forever fixing it.
- Consultancy will be limited to the function of SageLink unless otherwise agreed.
- In situations where we could be denied access to our work it is standard practice to request payment upfront.
